

Transits Reading for <...>

Introduction

The following pages describe the major transits that you will be experiencing over the coming period. These pages can give you insight into the challenges that you will encounter and the underlying lessons that they offer you. There are literally hundreds of transits occurring for you each year, so this report focuses on those which occur more infrequently and therefore present the greatest challenges.

The "Exact" transit dates and immediately prior to those dates are the times when the energies described will be felt most strongly and when actual events related to the transit are most likely to occur. Many transits will have three "Exact" dates listed. This is because the transiting planet goes retrograde (R) and then direct (D) again, causing three "hits." When this is the case, the issues associated with the transit will surface on the first hit, there will be some progress toward resolving these issues on the second hit, and the third hit will bring final resolution.

Read your transit report over once now to get a general overview of the coming period. Then, as the issues described in this report begin to appear in your life, you can refer back to this report for suggestions on how to best handle the changes that you are experiencing. Even the worst transit can be a valuable experience if you are fortunate enough to "get" the lesson that it offers.

The readings stress that you are the ultimate decider of your fate. Astrology can give you a "weather report" on the energies influencing you, but it is up to you to decide how you will react. Some people can benefit greatly under normally difficult transits because they eagerly meet the challenge head on. Others will not benefit from the most positive transits because they did not pursue opportunities presented to them. Request a personal reading if you would like to examine your upcoming changes more thoroughly.

Now on to your personal transits report.

This transit will occur only twice in each 12-year cycle of Jupiter and is a good time to review long-held beliefs that you may not have previously questioned. These beliefs may be deeply imbedded in your psyche, especially those which you formed as a result of early life experiences. Now you're deciding which of your beliefs you'll keep because they ring true for you, and which you'll discard as really belonging to someone else. You may have to take a stand against valued family members, teachers and mentors in order to follow your own path. Don't hesitate to follow your instincts now; then you'll know better than anyone what's best for you.

This is an excellent time to travel to or study about foreign lands and cultures. You'll learn a great deal from those you meet on your journey (or in your classroom) that will help to broaden your view of the world. You may travel for reasons of a spiritual pilgrimage or on a vision quest seeking your own personal relationship with the universe. In the process of exploring the differences between the world's myriad cultures, you'll discover how similar we all really are. Then you'll return home with a more tolerant and accepting attitude toward your neighbors, as well as a renewed desire to share your new-found knowledge and experience with others.

Your relationships will change as you identify and then break unhealthy patterns in your life that have led you to repeat the same mistakes over and over. Your curiosity about metaphysical sciences and holistic health will also increase during this transit, either because of your increased sense of experimentation, or because you seek cures for physical, spiritual or psychological wounds you've found difficult to heal. You may try such new techniques as meditation, yoga, acupuncture, aromatherapy, homeopathy, healing with crystals or laying on of hands. It's possible you'll work with others to bring about greater acceptance for these alternative philosophies. You may even consider a new career in one of these fields.

Sun sextile Venus: 11/28/2012, Exact

Sun sextile Saturn: 12/15/2012, Exact

Discipline and self-control come easier today. Relationships are sober and serious, geared to responsible action.

Jupiter oppose Neptune: 12/15/2012, Exact

It may be difficult at this time to distinguish between reality and your ideal of reality. The real world may seem superficial to you, and you will seek a higher spiritual meaning to life. This is fine as long as you don't use spiritual endeavors to escape from reality. You find it difficult to manifest your highest ideals in the real world. If you have a weakness for drugs or alcohol, this could be a problem for you now.

Your extreme optimism could lead you into shady situations, for you find it hard to believe that people's intentions are anything but the best. Let this transit pass before making radical permanent decisions based on your current beliefs. Now is not a good time to become involved with religious or mystical cults. Be careful not to gamble with your resources or take unwise risks. Now is not a good time to invest in a "get rich quick" scheme. Be sure you know what you are doing if you take risks now. Don't rely on anyone else's promises of skill and expertise.

This transit may indicate the beginning of a relationship which is very idealistic in nature. The danger here is that you will see your new partner as being perfect (a god or goddess) and will not be realistic about their faults and shortcomings. It is possible that any relationship you begin now is indeed worthwhile, but be sure you are not seeing your partner as you want to see them rather than as they really are.

Beware of exaggerated promises of success now. If it sounds too good to be true, it probably is. You are more prone to being deceived now and should place your trust only in those who you know are dependable. Learn to accept the limitations of others and allow them to be who they are. But be sure to insulate yourself from disappointment instead of continuing to rely on those who do not deserve your trust.

Mercury sextile Uranus: 2/15/2013, Exact

Jupiter trine Venus: 2/16/2013, Exact

This is a very pleasant, light-hearted transit. Your social life is quite enjoyable now, and you want to spend time with loved ones. It is a good time for a vacation or just plain having fun. You are inclined to feel pleasantly lazy and not interested in work at this time anyway, so you may as well enjoy it. If you must work, you may be able to travel as well or at least have interaction with foreign cultures. You feel generous toward others, and you find it easier than usual to be considerate and understanding of shortcomings.

You are optimistic and cheerful and can make others feel good if they are unhappy or depressed, and people enjoy your company now. You may do many favors for others now, and these will be returned later. This transit can indicate a new love affair, but it is more likely a passing fling. If a relationship does begin under this transit, you can be sure to learn a great deal from your partner. This is also a good time to work out the kinks in existing relationships.

This transit can bring money or other possessions that you value. But it also brings such a feeling of ease that you may spend it all immediately. Try to bear in mind that such wealth will not always come to you this easily. Invest your new-found wealth wisely. Your creative abilities are heightened now and you find it easier to obtain recognition for your efforts (especially if you work with art or music). This is also an excellent time to seek grants or hold fund-raisers. It is also favorable for education, as well as for legal matters.

Don't overdo on shopping sprees. Your taste is rather lavish now, and you may look at what you buy with a rather jaundiced eye later. You may also be self-indulgent at this time. Be careful not to eat or drink too much.

Venus trine Pluto: 2/19/2013, Exact

Venus square Neptune: 3/5/2013, Exact

Imagination and fantasy fog judgment and create romantic confusion. Keep expectations realistic.

Mars oppose Mercury: 3/5/2013, Exact

Ideas and plans may be challenged, causing harsh words and irritation. Delay discussions. Leave the driving to others.

Jupiter oppose Mars: 3/6/2013, Closest Approach (0.02)

You have lots of energy now and plenty of ambition too. You want to do things in a "big" way now and actually can, if you can exercise the proper restraint and self-discipline.

This transit can indicate a conflict with someone who you feel has been holding you back in your goals in life. You feel the need to assert yourself now, and you will not put up with interference from anyone. Be careful not to act rashly, however. This person may in fact not be aware of your needs and may be acting with the best of intentions.

You can indeed accomplish a great deal now, but don't overestimate your abilities. You could end up working yourself half to death to make good on commitments you never should have made. You are not superhuman, even though you may think you are. Accept your limitations, and you'll have to make fewer excuses.

The other side of this transit is that it can bring courage and determined effort. The manner in which you manifest these energies depends on how self-aware you are.

Transits Reading for <...>

Learn to stand up for yourself but also to pull in on the reins of your assertiveness. You need to see others' points of view as well as your own. You could experience difficulties if you travel, or problems with people from foreign lands. There is also a danger of legal disputes. Cultivate a little humility and cooperation.

Mars oppose Sun: 3/8/2013, Exact

The ego and business interests are tested. Angry confrontations are possible. Buried resentment could surface suddenly.

Mercury square Neptune: 3/8/2013, Closest Approach (0.03)

Emotions and ego are out of sync, creating tension and irritation. Personal and professional interests conflict.

Sun oppose Mercury: 3/15/2013, Exact

You may be confronted with intense communication with others. Be receptive to ideas and remain objective.

Jupiter oppose Neptune: 3/16/2013, Exact

It may be difficult at this time to distinguish between reality and your ideal of reality. The real world may seem superficial to you, and you will seek a higher spiritual meaning to life. This is fine as long as you don't use spiritual endeavors to escape from reality. You find it difficult to manifest your highest ideals in the real world. If you have a weakness for drugs or alcohol, this could be a problem for you now.

Transits Reading for <...>

Your extreme optimism could lead you into shady situations, for you find it hard to believe that people's intentions are anything but the best. Let this transit pass before making radical permanent decisions based on your current beliefs. Now is not a good time to become involved with religious or mystical cults. Be careful not to gamble with your resources or take unwise risks. Now is not a good time to invest in a "get rich quick" scheme. Be sure you know what you are doing if you take risks now. Don't rely on anyone else's promises of skill and expertise.

This transit may indicate the beginning of a relationship which is very idealistic in nature. The danger here is that you will see your new partner as being perfect (a god or goddess) and will not be realistic about their faults and shortcomings. It is possible that any relationship you begin now is indeed worthwhile, but be sure you are not seeing your partner as you want to see them rather than as they really are.

Beware of exaggerated promises of success now. If it sounds too good to be true, it probably is. You are more prone to being deceived now and should place your trust only in those who you know are dependable. Learn to accept the limitations of others and allow them to be who they are. But be sure to insulate yourself from disappointment instead of continuing to rely on those who do not deserve your trust.

Mercury sextile Uranus: 4/2/2013, Exact

Jupiter sextile Chiron: 4/3/2013, Exact

This transit will occur only twice in each 12-year cycle of Jupiter and is a good time to review long-held beliefs that you may not have previously questioned. These beliefs may be deeply imbedded in your psyche, especially those which you formed as a result of early life experiences. Now you're deciding which of your beliefs you'll keep because they ring true for you, and which you'll discard as really belonging to someone else. You may have to take a stand against valued family members, teachers and mentors in order to follow your own path. Don't hesitate to follow your instincts now; then you'll know better than anyone what's best for you.

This is an excellent time to travel to or study about foreign lands and cultures. You'll learn a great deal from those you meet on your journey (or in your classroom) that will help to broaden your view of the world. You may travel for reasons of a spiritual pilgrimage or on a vision quest seeking your own personal relationship with the universe. In the process of exploring the differences between the world's myriad cultures, you'll discover how similar we all really are. Then you'll return home with a more tolerant and accepting attitude toward your neighbors, as well as a renewed desire to share your new-found knowledge and experience with others.

Your relationships will change as you identify and then break unhealthy patterns in your life that have led you to repeat the same mistakes over and over. Your curiosity about metaphysical sciences and holistic health will also increase during this transit, either because of your increased sense of experimentation, or because you seek cures for physical, spiritual or psychological wounds you've found difficult to heal. You may try such new techniques as meditation, yoga, acupuncture, aromatherapy, homeopathy, healing with crystals or laying on of hands. It's possible you'll work with others to bring about greater acceptance for these alternative philosophies. You may even consider a new career in one of these fields.
